Dear John:

Thank you so much for being a part of our 2007 Management Conference!

Your session on preventing identity theft provided key information for our attendees that they can use in their personal and professional lives - that's a real plus! Your analogy of the "Privacy Black Belt" gave attendees an easy way to remember the key points of your presentation. And we all know it's really about what they remember AFTER they leave!

Thank you again for being such a great part of our program!

Best Regards,
