John:

Thank you for the great presentation on Identity Theft Jujitsu for our members and employees. Your presentation was right on target and a wake up call to many of our members. Our members came away with tons of great ideas to put into practice. Your presentation was compelling and entertaining and inspired us all to take action to protect our identity. It took two times, but I have cleaned out my wallet! Thanks again, hope we can do it again soon.

Julie Morgan
