Dear John,

You did an outstanding presentation for our Annual Meeting for the Credit Union Association of Wyoming on September 7, 2006. Our participants felt the information presented about identity theft was very timely for their members and that it was very personal.

Some of their comments:

*Personal, relates to all of us.*

*Good suggestions to prevent possible ID theft and to attract new members through services that prevent ID theft.*

*Jujitsu theory was the most valuable information.*

We had several credit unions that would like you to come and speak at their annual meetings. I will be passing on your contact info to them. And, I would like you to come and speak at a tri-state event that we host in July. I will be in contact about this event shortly.

Thanks again for a powerful presentation that touches all our lives. I look forward to working with you in the near future.

Sincerely,

A handwritten signature in black ink that reads 'Diana Stoick'.
